DataVolt is a wholly owned subsidiary of Vision Invest, a leading Saudi Arabian development and investment holding company at the forefront of Public and Private Sector Partnerships in Saudi Arabia, regionally, and globally. Over **USD 95 Billion** of infrastructure assets are under operations across its portfolio, including in power, water, and cooling. As part of the Vision Invest group, DataVolt has large affiliates developing, investing in, and operating critical infrastructure assets across several emerging markets. Vision Invest is also a TRACE-certified entity, underscoring its commitment to transparency.

Thermal Design Power Servers

Cooling & Water Efficiency

Renewable Energy

Leveraging our Saudi group's expertise in renewable power, cooling, and water, we are driving sustainable transformation as we expand into Asian, USA, and African markets.

Our Mission

Transforming Data Centers

Innovating to meet the demands of tomorrow's technology.

Expanding Footprint

Increasing the size and reach of our data centers globally.

Reducing Environmental Impact

Committed to drastically lowering the carbon footprint of our operations.

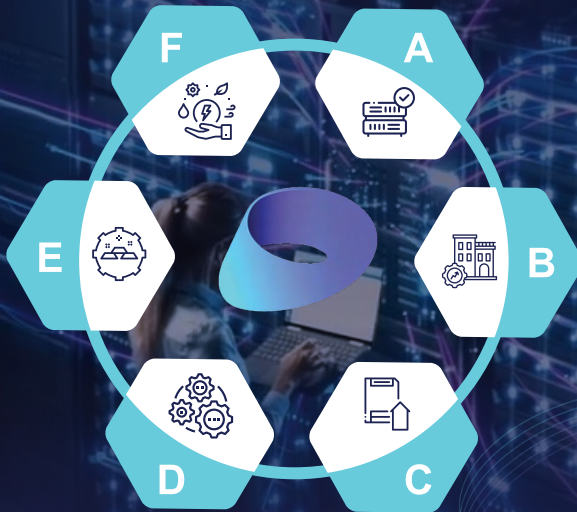

End-to-End Solutions for Data Centers

From site selection to operations, our unique business model lets us manage the entire lifecycle of data center development with a focus on sustainability.

DataVolt offers a full spectrum of tailored data center services, designed to not only meet but exceed your expectations.

Powering Saudi Arabia's Digital Future with Next-Gen AI & Tech Talent

Why Invest in Local AI & Tech Talent?

OUR DIGITAL INFRASTRUCTURE PROGRAM

In partnership with **Energy & Water Academy (EWA)** we are building Saudi Arabia's **Next-Gen Data Center Engineers**.

30 Saudi Students
[15 male, 15 female]
currently enrolled

2-Year Diploma
in **Electrical & HVAC**
(started August 2024)

Scaling to
120 students
in 2025

WHY IT MATTERS?

Our program delivers industry-ready data center engineers to support the rapid growth in **Saudi's Digital Infrastructure** sector.

OUR DATA SCIENCE & AI EXCELLENCE PROGRAM

Launching in **April 2025**, this program will transform **100 Saudi Nationals** into **Certified AI Experts**.

1-year intensive
program covering
Data Science & AI

Hands-on Capstone
project solving
real-world challenges

Globally recognized
certification for
AI-driven careers

WHY IT MATTERS?

The AI revolution is here! Your business can **sponsor & hire** skilled AI professionals trained to drive digital transformation across industries.

Developing Saudi Talent

AI Skills Gap

Develop local talent & reduce expat dependency

Align with Vision 2030

Support the Nationalization agenda

Act Now: Invest in Saudi's Digital Future!

Cost-Effective Hiring

Benefit from government-backed incentives

Future-Ready Workforce

Access certified, job-ready AI talent

Shaping the future

with cutting-edge data centers and AI factories for
a smarter future.
